

Bulletin of the 14 News Year III March 2008
TRIP To BOLIVIA IN THE HOLY WEEK

Our secretary, Alberto Jiménez, practicing attorney, and our partner Pilar Martínez, medical of health and prevention, travels this same week to Bolivia where they will have a very tight agenda visiting the cities of Santa Cruz of the Mountain range, Sucre, Potosí and La Paz in so only days. Between their arranged activities are the visit to all our projects and communities, conferences of health and hygiene, to char them on illegal immigration: how an illegal one in Spain lives and works, appointments with the local authorities and interviews in the local television, among others.

All it you can live it in person by means of the Shared in common Blog that we will update with its stories and photos in our Web as of Sunday 16 of March.
