

CAMPAIGN OF EMERGENCY IN BOLIVIA we communicated to You that the campaign goes as much being a success in collection as in diffusion. Due to it and to the request of enough partners we have decided to continue with her until finishing this month. At the moment the money collected for the campaign ascends to a total of 1.813? of which today the last part that lacks to send we will make it same.

Comentaros the answer of the city council of Alcorcón to our request of aid soliciing from us a small project of urgent intervention that solves and fixes the channel of the river, the purchase of material of first necessity, the purchase of seeds for the plantations and the revision of the health for all the population. The population of the community promotes 583 people and with this project we will give access to all the community. The amount of the same one ascends to something more than 25.000? of which the ONGD collaborates with 2,000. They have said to us in person who surely will be approved. Let us trust it and that they are not delayed much in doing it. On the other hand the meeting anticipated with the Director of Cooperation, Brown Pedro, for this Tuesday has postponed by agenda problems his, in her it was going to give to solution to the subject of the premises and donation to us of Pc's.

As far as the diffusion of the campaign we have left in the MARKET ALCORCÓN the last week and this same week in the TEACHING in the following connection <http://www.magisnet.com/articulos.asp?idarticulo=2447>

We are in contact with the enemy with the Bolivian embassy in Madrid to put us to its disposition for the campaigns that are making right now of collection of foods and clothes.

, Elena also Holy of the city council of Alcorcón and Martín of the city council of Alcobendas, has offered us pc's for our projects reason why we will have to gather them, to recycle them and to store them, already hope that in our own premises, but not where we will keep them.

There on the other hand, we are going to make our first trip to La Paz to end of this month to know the situation first hand. By that reason we have requested an excess luggage to LAB, Bolivian airline company, and to the embassy to be able to take everything to us what is possible. If you can obtain to anyone of the following materials us you communicate it. The priorities that they give us are the following ones:

1, Infantile dust milk 2, Arti'culos of personal hygiene (soaps, brushes teeth, dental paste and compresas)

Any suggestion that serves to take advantage of the trip and that can be done there you do not doubt in communicating it to us.
